- General Cyber Risks Education.
- Threat Awareness and Prevention.
- Scam and Phishing Awareness.
- Advanced Phishing Training.
- Ransomware Training.
- Online Banking and Shopping Security.
- Social Media and Online Profiles Security.
- Best Practices and much more

Restitution Support Services

Legal, restitution and psychological support services for cyber-related threat events.

○ **Identity Theft Restitution Support Services**

DigiCare provides extensive restitution services, in the event of online fraud or financial losses due to identity theft. We prove your innocence and reverse reputational damage and possible negative credit records due to unauthorized use of your identity or data.

○ **Cyber Harassment Support Services**

In the case of online emotional abuse (including cyberbullying, online threatening and intimidation, slander, harassment, stalking and revenge porn) our panel of professional and cyber-trained psychologists provides emotional support and mediation.

○ **Cyber Event Legal Assistance**

Should your case advance to a level where formal legal advice and court procedures are required, our panel of legal specialists will act on your behalf - covered by Digimune for fees up to \$5 000 (or local currency equivalent) per year.

- **Device and Data Loss:** In the event of malware corrupting your device, we fully repair or replace your hacked device.

- **Financial Extortion:** Should you suffer financial extortion due to ransomware, we will retribute or pay the ransom on your behalf.

- **Loss of Funds:** We reimburse you for financial loss, in the event of a financial security breach or leaked financial login details. The *DigiCare* Warranty cover is limited to the limit noted in the *DigiCare* Warranty Certificate.

Security Software - 3/10 Devices

Norton 360 is leading global security software that provides you with all-in-one threat and virus protection for up to 3/10 devices. Features include:

- Smart Firewall.
- Secure VPN for Online Privacy.
- Parental Control.
- School Time.
- Password Manager.
- PC Safe Cam.
- Cloud Backup for your PC: *25 GB for 3 Devices, 75 GB for 10 Devices*

With digital transformation comes digital risk. As your public digital footprint grows so does your exposure to possible threats. The deep and dark web harbours a massive source of data content and communication that often goes undetected and untraced. **Digimune** provides *Dark Web Monitoring* and *Data Breach Notification* if there are leaks of your digital identity assets. Digimune sends alerts about sensitive information, including:

- Credit card Information.
- ID Number.
- Email Address.
- Phone Number.
- Physical Address.
- Bank Account Number.
- Gamer Handle Monitoring.
- Crypto Wallet Monitoring.
